

## Warranty Agreement

We promise that, our company (hereinafter referred to as “the manufacturer”) conducts free maintenance and repairing to the product that has any fault or damage under the normal operation conditions to the customers from the purchase date.

1. Warranty period is 60 months after the purchase date of the product (except for the non-standard products).

2. The product can be charged to repair any time after the purchase date.

3. Even within 60 months, maintenance should also be charged in case of the following situations:

- (1) Damages incurred to the inverter due to mis-operations which are not in compliance with “Operation Manual”;
- (2) Damages incurred to the inverter due to the unauthorized repairing and reconstruction;
- (3) Damage incurred to the inverter due to mis-operations which are not in the standard application range;
- (4) Abnormal aging or damage incurred to the inverter due to bad usage environment;
- (5) Damage incurred to the inverter due to earthquake, fire, flood, thunder, abnormal voltage and other damage caused by the force majeure;
- (6) Damage or lost incurred to the inverter due to improper transportation (the customer can select the transportation, but our company can assist for the shipment procedures).

4. Free maintain and repairing won't be given under the following circumstance :

- (1) The brand, trademark, serial number and name plate designated in the product have been changed or destroyed and can not be read;
- (2) The customer did not pay at the ***Purchase and Sales Contract*** signed by both parties;
- (3) The customer concealed the mis-operation in installation, configuration, operation, mauntenance and other procedures.
